Cleanaway to replace JJ Richards in Allora

Southern Downs Regional Council has announced a new contract with waste management providers Cleanaway that will provide efficiency and sustainability benefits to the region and support economic growth to the Southern Downs. This seven-year contract will commence next Tuesday 1 October.

Council advises that there will be no changes to collection days for residents, however there may be changes to collection times. To ensure bins are emptied, residents are reminded to please place their bins on the kerbside by 6am on their collection day.

Since the award of the contract, Cleanaway has invested \$3.5 million in a fleet of new vehicles; including three general waste side lift trucks, two recyclable side lift trucks, a front lift truck, a hook lift truck and a bin delivery truck.

Southern Downs Regional Council Mayor Tracy Dobie said that Council was pleased to welcome Cleanaway as the new provider of waste removal services to the region.

"Providing waste removal services to our region is an important service to our community, and Council

is pleased to partner with Cleanaway to deliver general and recyclable waste removal services," said Mayor Dobie.

"The contract for waste collection is the longest contract managed by Council, and Cleanaway have demonstrated an exceptional commitment in supporting our community and a willingness towards ongoing employment of local people and businesses to support economic growth to the region.

Cleanaway has invested significantly in up-grading and extending the level of service of waste removal to our residents and businesses, and Council looks forward to working with Cleanaway throughout the tenure of their contract."

Cleanaway General Manager of Solid Waste Services Justin Howard said that Cleanaway are very pleased to commence a long-term partnership with the Southern Downs Regional Council and the community to deliver essential waste and recycling services to the region.

Mr Howard also said that the new waste and recycling collection vehicles include Cleanaway's award-winning in-cabin data and services management technology.

"The new system implemented by Cleanaway's

fleet includes seven external cameras capturing a 360-degree view around the truck to improve safety for the community," he said.

"The new state-of-the-art cameras also provide the ability to take photos of service issues such as contaminated or non-presented bins to provide real time data to Council to enhance the service experience and education to the community."

Cleanaway has announced a \$5,000 donation to the GIVIT partnership with Council to assist the community to recover through these difficult periods of drought and bushfires.

For more information on collection days, residents can contact council on 1300 697 372.

Allora & District Historical Society President's Report 2018-19

It was a big undertaking for a small group, but with the assistance of many individuals and local organisations, the Allora and District Historical Society organised a very successful 150 Year Celebration. The outcome was the culmination of over twelve months of planning. It was well worth the effort with over 3,000 people in attendance, wide ranging publicity for the Allora district and heightened interest in the history of area and a boost to our bank balance. I want to record my thanks to Wendy our Secretary, who worked tirelessly to coordinate every aspect of the planning, including applying for grants, and insurance cover, road closures, donations, sponsors, bookings not forgetting arranging the Governor's visit and the many other details of running an event such as this. Thank you also to Jim and Kaye who attended all meetings and took on extra responsibilities. Most of the 150 Year Celebration committee members paid their membership fees to the society to ensure that their public liability was covered. We appreciate their interest and hope they continue to be members

of our society.

The official opening of our 150 Year Celebration was held at the Old Shire Chambers to acknowledge the restoration of the building funded by a State Government grant. 150 years ago on 21st July, the Governor – proclaimed Allora a municipality. On 20th July 2019, Governor Paul de Jersey declared our celebration open and unveiled a plaque to mark the completion of renovations. I sincerely hope that as trustee of the building, the Southern Downs Regional Council will now maintain it as a historic icon that is part of Allora's history.

Again thanks to the effort of Wendy, we were successful in receiving a grant to paint the outside of the museum building and the school building in Drayton Street, carry out repairs and upgrade the lighting and install a new power box. Paul and Lorraine Morris carried out a very professional painting job and donated materials to carry out some of the repairs.

On looking back over the minutes of our meetings during the year, I realise that we have to face

Lyn Wright (Vice President), Kaye Mullins (Treasurer), Cr Sheryl Windle congratulating Jim Anderson as incoming President, Wendy Ardrey (Secretary) and Ray Shooter (Patron)

many challenges this coming year. We have to refocus on assessing our collection to create a collection that significantly reflects the history of our district. To this end, changes in the form of by-laws (as previously suggested by Trevor Neale) will have to be made to our constitution to give us that option.

We need to focus more attention on applying for grants offered by the State Government and the Southern Downs Regional Council. We are unable to generate income to meet fixed costs or to make improvements as a small town museum and historical society. Over the past few years we used up any monies that had been saved in paying annual costs of rates, water, insurance and general maintenance. We now have some funds to set aside but we need to take advantage of every grant that is offered.

Our other challenge is the future of the Allora & District Historical Society in that there are no young members to carry on. Who are going to be the custodians of the collection and who is going to be interested

enough in the history of Allora to maintain the family history records and carry out research.

I want to acknowledge the work that Colin Newport has done for this historical society. He has been a member for 50 years and has held every executive position as well as being research officer for many years. It was Colin who created our family files and over the past few years has spent many hours making sure our family research files have been recorded digitally.

Every one of our members steps up when there is work to do. How many boxes did we carry down the stairs and load up into car boots and utes to clear the Old Shire Hall before the renovations were carried out. The day is looming when we have to sort out how we are going to re-establish the display of our collection. That is the immediate challenge, to create an interesting space in the hall.

Thank you all for your interest in the history of our town and district.

Story of the Trough in Dalrymple Reserve

It all started with the late Jack Busiko. Born in 1917, the ninth of ten children for Dave and Anne Busiko. Jack left home when he was about ten years old and went to work and live with Watty Stark. They worked clearing and planting the Pechey Forestry. In their spare time cleared and built a farm out of virgin scrub.

Jack lived with the Starks at Pechey then moved to Talgai with them, working the farms and helping to raise their family.

When Jack married Ivy Sparksman from Talgai in 1943 they moved back to Pechey eventually to a small farm where Jack was to spend the rest of his life.

Jack built his house out of a tree that fell across the road at the Hampton Pub and the Lady Publican asked him to cart it away. When she found out that he had it cut up for timber he received a bill for ten pounds.

Jack's real love was the

forestry and timber industry so he set himself up with an old army blitz as a timber jinker to cart logs out of the forestry to the mills. Using cross-cut saws and his own invention where he used the tailshaft of his truck to winch the huge logs onto it.

Back in 1948, Jack & Bill Blocksidge built the 1200 gallon wooden trough that stands in Dalrymple Reserve. Cut from a dead bloodwood tree from the Pechey State Forest the trough was a birthday present to Watty Stark for his cattle yard at Ellinthorpe. The entire dairy herd watered from the trough at the one time and carp were placed in the trough to keep the mosquitos down.

The Stark family sold the property in 1980 to Don and Margaret Duff who donated the trough to the Allora Shire Council where the Chairman Cr Jim Deacon accepted the trough on behalf on the Shire.

Warwick 1000

The Warwick 1000 will hit Morgan Park Raceway

this Saturday & Sunday 28th & 29th September with 1000 kilometres of qualifying and racing held across the weekend.

Round 3 of the CAMS State Championship (known as the Warwick 1000 from 2019) will feature driver Jason Clements performing demonstration laps in Al Unser Jr's famous 1986 Dominos Indy car, which boasts 800 plus horsepower and weighs only 700 kilograms.

Nine different categories of cars will battle it out to be the 2019 Queensland State Champion.

In addition to the weekend of racing, drivers and spectators, many of who are travelling from all over Queensland New South Wales, have been encouraged to bring a slab of water with them to donate to the drought affected towns.

Specialised Bed For Allora Nursing Home

Allora Nursing Home Administrator Robyn Vivian, Hope Masonic Lodge Secretary Allan Darr and Southern Cross Care Chief Mission and Identity Michael Hart.

Thanks to Hope Masonic Lodge the Southern Cross Care Allora Nursing Home was recently gifted a new Floorline bed. The 21-bed facility at Allora was one of six community initiatives across Queensland to receive a Grassroots Community Grant, sharing in over \$50,000 as part of

the 2019 round from Hand Heart Pocket, the Charity of Freemasons Queensland. Hope Masonic Lodge Secretary Allan Darr said they were chuffed that their nomination had been successful. "This is about helping to care for the elderly. The new bed will ensure a comfortable nights

rest, helping to prevent falls and pressure injuries. It will be easier on staff too which is another plus". Hand Heart Pocket is an independent charity founded by the Freemason of Queensland. Funds are used wisely to give a hand up - not a handout - and to build potential.

Scots Presbyterian Men's Breakfast Guest Speaker

Allora Scots Presbyterian Church is pleased to host its Men's Breakfast this month on Saturday, 28th September, at 7.20am, in the Presbyterian church hall, 12 Jubb St., Allora. Come and enjoy a free brekky with tea or coffee. We are delighted to have Hans Willemse as our guest speaker:

"I grew up on the land in South Africa. The African

people that worked for my father lived on the property and I used to play with their children. I learned to speak their language and I can still speak Zulu.

"In year twelve, I was head boy of the school. After school, I spend a year in the army and then I started working on the farm with my father. In 1969 I went on my own on a property 100 km

south of where I grew up. I got married in 1970 and we lived there till we moved to Australia in 2008. We have five children, fourteen grand children and three great grand children. Four of our children are in Australia. One daughter and her family are still in South Africa.

"In 1986 I became member of The Gideon's in South Africa and I

was part of the Volksrust camp. In 1988, Head offices organised a bible distribution in the Transkei and I want to share with you my experience there. The Lord can use any one in His service. Even me. What a privilege. Thank you Lord."

Looking Back...

A Sad, Sad, Story

The Rev. John Watson was called to the charge of St. Andrew's Presbyterian Church, Allora, from Goondiwindi in 1894. He came to Allora at a time of financial hardship within the Allora Presbyterian congregation, a time which reflected the financial turmoil occurring throughout Australia in the mid 1890's.

The Scottish born Rev. Watson and his wife Benjeanie (nee Steel) had, in 1896, three sons aged 5, 4 and 1. The Rev. Watson had a falling out with some of the elders of St. Andrew's Church and his hardships were compounded by the death of his wife in childbirth on the 15th April 1896. Benjeanie Watson, age 32, was buried in the Allora cemetery on the 16th April 1896.

The female baby named Benjeanie Elizabeth was cared for by a local childless couple. The Rev. John Watson resigned from the Allora Charge in 1897, only after the church was mortgaged to pay out his stipend. In 1898 he took up an appointment at the parish church in Dunolly, Victoria. When the Rev. Watson remarried in

1901 he and his new wife sent for the 4 or 5 year old Benjeanie who was reluctantly returned by her foster parents.

The sad story continues with the death

in childbirth of the Rev. John Watson's second wife leaving him with five young children to look after.

Allora Night Bowls Notes – Week Four

New Night Bowls teams - LEFT: "The Bowled and the Beautiful" with team members from left to right Jamie, Amy, Cheree and Brock.

BELOW: "Skippers" with team members from left to right Pam, Sam and Cameron.

Better late than never. I know we don't play for 'sheep stations' but sometimes I wonder with the amount of angst that some teams display when they lose. As of the third week the following teams had won every week – The 3 Stoogers, Are You Game Enough, Fire Ants formerly green, formerly bull and Gina's Babies. On 4 points are Land Cruisers and A Bowls Virus; 2 points – Pig Lures, Rooniks, 3 of Us, Doesn't Matter and Skippers; Yet to score Tramps Like Us, Railway and the Bowls and the Beautiful.

We do have some new players and new team names and old players with new team names. The Old Boys are extinct now with Alanna in the team, The Bowling Stones now have a virus and their old team name has resurfaced with new players! Think Pig Lures started the trend with sponsored shirts. Now we have Aldi 'are you game enough' shirts and my god did you see Gina's Babies sponsored shirts. Cute aren't they! Not only did they have bright blue shirts, they had matching hats which looked like they had been

dragged out of their pockets when they got to the bowling green!

Willett and John Rockley. Sandy won the Railway Hotel pizza voucher, Cheree was wrapped with a voucher from Allora Butchery. Kris Wright won Percy's voucher, and Cameron Ritchie was a happy winner along with Chris Brown who took home the team trophy ie. when the Land Cruisers get around to it! The Jackpot is sponsored by White's Garage and Ken O'Dea Floor Covering. Thank you Tim and Ken.

BAD JOKE OF THE WEEK

An English tourist finds a bedraggled penguin on the beach at Surfers Paradise and asks a nearby policeman what to do with it. "I'd take it to Seaworld, mate". Off goes the tourist.

Next day, to the policeman's astonishment, there's the Pom and the penguin waddling along the beach together. "Hey, you", says the cop "I thought I told you to take the penguin to Seaworld".

"I did and he enjoyed it so much that I'm taking him to the pictures today".
