Letters to the Editor...

Dear Editor,

Greentopia

They planned the Land of Make Believe. They wanted water without building dams, cheap reliable electricity without burning coal or gas, transport without using petrol or diesel, food without farmers or fishermen, employment without factories, and metals and motor fuels without refineries.

Their countryside was uglified by paddocks of magic mirrors, forests of whirling bird slicers and spider-webs of access tracks and power lines that delivered abundant electricity when it was least needed.

But the taps went dry, cattle and crops died, lights went out, seafood and rice came from Vietnam, metals were smelted and refined in China, trains were built in India, cars and trucks came from Japan, motors fuels were imported from South East Asia, and savings fled to Zurich.

Welcome to Green Australia.

Viv Forbes, Washpool, Qld

Dear Editor

I wish to announce the completion of the petition recently circulated concerning an adjustment to the speed limit on the New England Highway within Allora township. The petition was presented to local member James Lister last Friday for submission to State Parliament later this month. I am delighted to say that 377 people signed, an outstanding response in a town and district of 900 people. I wish to thank all who signed, and hope that this gesture in support of improved road safety in our community will now receive the attention it deserves.

New self-serve loan kiosks at Allora Library

Kerrie Schelbach, Allora Library.

It's as easy as scan and go. A new self-serve loan kiosks has been officially unveiled at Southern Downs' Library in Allora.

The recently installed stations use radio frequency identification technology and will make it easier and quicker for library users to borrow and manage their loans.

The new upgrades will allow multiple items to be scanned at once which will speed up the loan and return process.

The upgrades will also

free up library staff to assist with other customer enquiries and provide more proactive customer service to the community.

The introduction of this technology into the libraries will also improve the tracking and identification of items, which will simplify the stocktake process.

Library users will not need to update their card to use the self-service kiosks.

For more information residents can contact council on 1300 697 372 or speak to the local librarian.

Cleaning Up The Creek

The banks of Dalrymple Creek have undergone a clean-up adjacent to Forde Street/Allora Drive.

The work was carried out over two weeks by a contractor on behalf the Warwick River Trust.

Chairman of the River Trust, Ed Kemp said the cost was drawn from a total of \$150,000 in funding provided by Southern Downs Regional Council and the State Council of River Trusts.

Of this amount \$120,000 was for eradication of non-native growth along Dalrymple, Swan and Freestone Creeks, while \$30,000 has been earmarked for spraying.

The spaying will take place after rain.

A meeting of the Warwick River Trust this week will discuss how further funding could be obtained to overcome a major problem of wild peach which is growing prolifically along a two kilometre stretch of Dalrymple Creek to the east of Allora.

Saturday the 19th of October once again promises to be one of the biggest days on the Country Week calendar.

The F. E. Logan Hall will see plenty of action with the Lions Club Hobby & Community Expo showcasing the hobbies and passions the region has to offer. If you live in the area and are looking to volunteer, checking out this expo is a must.

The hall will also show off the town's artistic side, hosting a quilt display, model train and folk art display.

Back for another year, the Iris & Rose Show will be lighting up the Senior Citizens Hall with an abundance of colours and smells with entries accepted from 8am to 10am. The event will be open for public viewing from around 12.30pm. Organisers are encouraging anyone who has been planning on entering to do so, even if the dry weather has affected their entries.

The Clifton Races will cap off the week of action on Saturday the 26th of October, bringing thousands of a racing fans, and party lovers to the country town.

Although the track hasn't seen much rain over the past few months, organisers have ensured it will be run safely on what remains of the hallowed turf.

Fashions on the Field will celebrate the best dressed in attendance, with more than \$4,000 worth of prize money to be won.

There are plenty of things to do and see for this year's Country Week so make sure to mark the events that interest you in your calendar and help support a country town putting on one big show.

Milk Price Increase To Support Drought Affected Farmers

Norco has announced a drought support premium payment to Members / Milk Suppliers effective 1 October 2019 which will result in an average increase to the base milk price over the nine months to 30 June 2020 of five cents per litre.

This announcement is supported by the continued

and detailed review of Norco's performance year to date by the Directors and management team.

Norco's newly appointed Chief Executive Officer Michael Hampson added "We continue to work on our business to ensure we can leverage support for our Members who are

battling ongoing severe climatic conditions. It is very gratifying that our customers and consumers continue to recognise the value of supporting a 100% Australian farmer owned dairy co-operative and collectively we thank them for their great support."

Sports Club Committee Re-Elected

At the Annual General Meeting of the Allora Sports Club held last Sunday, all committee members were re-elected unopposed. Club President Kev Harrison will be in charge for the 12th consecutive year, with Lindsay May as his VP (you are only a heart beat away Lindsay). Other office bearers are Wendy Ellwood as Provedore and John Ellwood as Secretary/Treasurer. The Golf Club executive is also unchanged with Mick Dwan as President, Aaron Simpson as Captain and Doreen Duffy as Vice-Captain.

The Sports Club Patron for the sixth year is Greg Patterson, who is also a life member of the club. "Patto" has been involved in this club for almost 50 years and his family was involved for many years

prior to that. He has held a number of positions in both the Bowls and Sports Clubs and is absolutely committed to the ongoing success of this Allora institution. Greg is a wonderful ambassador for our club, ensuring he attends every function possible, whether invited or not, to catch up with old friends and make new ones. He loves Allora people and enjoys socialising with as many of them as possible when they return to town. Greg was the well deserved recipient of the SDRC Club Administrator of the Year award on Australia Day 2017. At the recent AGM Greg expressed his pride in being the "Elder Statesman" of a such strong and devoted team of people.

The Sports Club has only had four patrons in its 26 year history. The inaugural Patron was the very popular local sportsman and terrific bloke Geoff Slatter and a more staunchly loyal Allora person you could not find.

Geoff held the position for the Club's first 7 years. Local farmer and champion bowler Doug Christensen took over from Geoff and together with his wife Bev worked tirelessly to build up the club. The unflappable retired cocky and media darling Jimmy Anderson was the third Patron and he remained in the position doing an incredible job for 10 years up until Patto took over the reins.

The Sports Club enjoyed another successful year due to the dedicated and unselfish volunteers who work tirelessly on the golf course, bowls green and in the club house. The Club also receives tremendous support from all local business houses and the wider Allora community, without which we simply could not survive. An extremely generous gift from a local farming family of a seasonal transfer of a water allocation for this year will ensure that the golf

course and bowls green can be maintained to a quality standard.

Finally, and on a slightly negative note, whilst club members are happy for the Golf Course to be used for other recreational purposes such as exercising dogs, running, walking etc, we request that the course is respected and greens and tee boxes are to be treated as "no go" zones. Golf course property such as flags, tee markers, scoops etc must not be removed from the course. In this regard a brand new red and white checked flag is missing from the seventh green and we are requesting it's immediate return (no questions asked).

We look forward to another fantastic year for the Sports Club and invite all Allora and district citizens, young or old, to come down and enjoy the facilities and maybe even join up as a member.

John Ellwood, Secretary

Drought Relief

Allora retailers have expressed concerns about the flood of drought relief parcels which have flowed into the district during the current drought. The parcels containing groceries, hardware and clothing sent by well-meaning city residents, are affecting local business which are also being badly hit by the slow-down of the local economy due to the ongoing drought. The business owners suggest that aid should be given in the form of vouchers to be drawn on local business to ensure that the money is spent in the town.

Gift Afternoon

Prior to her marriage, a gift afternoon was accorded to Mrs. Charles Fraser (nee Edna Gross) by Mrs. Gertrude Jensen in appreciation of her services whilst on her staff. The lounge room of Mrs. Jensen's residence in Palmerin Street, Warwick, where the function

was held, was fittingly arranged to receive guests while spending a pleasant afternoon with music and competitions. A tasty afternoon tea was served on the balcony by Mrs. Jensen, assisted by Mrs. Hicks and Mrs. Stay of Allora who were responsible for the dainty eats provided. Mrs. Imhoff, Mrs. C. Clarke and daughter Dulcie Jensen helped to entertain guests.

Allora Jubilee

The jubilee of local government in Allora was celebrated with a banquet under the auspices of the Allora Shire Council. The Shire Chairman (Cr. W. J. T. Neale) presided having with him as guests of honour Messrs P. O'Callaghan, W. Deacon, J. Dougall, F. Grayson M.L.A., and Mesdames A. Cameron and J. Stay. The chairman in proposing the toast to the "Guests of the evening" stated that Mr. O'Callaghan was the only living representative of the six aldermen chosen to constitute the first Municipal Council in 1869. He asked them to try to imagine Allora on that distant day; a small collection of

slab huts, bark roofs, the occupants at night hearing the tinkle of carrier's bullock bells in their ears, and then to think of the first council assembly in a little cottage known as Yap Yan's, sitting on soap boxes and laying the foundations of local government.

Wheat Harvest

Mr. J. C. S. Hegarty of Spring Creek has imported three strippers and one side delivery machine, with all the latest improvements, from Adelaide. This is a step in the right direction and will tend most naturally to increase the cultivation of cereals in the district, it being almost certain that labour saving machinery is the main thing that is required to produce payable crops. Mr. Hegarty will work the machinery at Spring Creek, Allora, Warwick and Toowoomba and as each machine will do at least 30 acres per week, the cost being about 15/- per acre, they will no doubt be in great demand. (*Darling Downs Gazette 20th October 1869*).
