Letters to the Editor...

REMEMBRANCE DAY

Dear Editor,

Australians are justifiably proud of our Australian Defence Force current serving members and our veterans.

On 11 November at 11.00am, this and every year, I encourage all Australians to pause for a minute's silence and remember all those who have suffered and died in wars, conflicts and peacekeeping operations.

Every year we mark Remembrance Day because it was at this time and date in 1918 that the guns fell silent on the Western Front, officially ending the First World War.

Originally known as Armistice Day, this day reminds us to pause and remember those who served in the 'war to end all wars' and every conflict and peacekeeping mission since.

We especially honour the more than 102,000 Australians who have made the ultimate sacrifice for our country and the freedoms we enjoy today.

Remembrance Day is commemorated in towns, cities and local communities across Australia and overseas and I encourage everyone to attend a service and wear a red poppy in memory of our servicemen and women. Thank you for your service. Lest we forget.

SDRC First Quarter Budget Review 2019/2020

Southern Downs
REGIONAL COUNCIL

The Southern Downs Regional Council held a General Council Meeting last week with Councillors voting in the affirmative to adopt the Amended 2019/20 Budget.

A comprehensive review of Council's operational budget and capital works

budget for the quarter ended 30 September 2019 has been completed and was presented during the General Council Meeting.

The approach for the operational budget review was to examine the existing budget but also undertake a detailed analysis of each Department's patterns of revenue and expenditure to produce a forecasted result of Council's financial performance for the period ending 30 June 2020. The Budget funds the delivery

of activities identified in the annual Operational Plan which in turn reflects the long term goals identified within the 2019-2024 Corporate Plan.

The first quarter budget review has resulted in an increase in the operating surplus from the original budget of \$96K up to \$167K.

There has been a reduction in operating revenue of \$532K of revenue and correspondingly there has been a reduction in expenditure of \$603K.

Council's net result after the first quarter budget review resulted in an increase from \$13.19M to \$16.98M. This increase of \$3.79M was driven by increases in capital grants and also disposal of assets.

The first quarter budget amendments will increase community equity from \$815.2M to \$846.6M. Total assets will increase from \$851.1M to \$882.2M with current assets of \$43.5M and non-current assets of \$838.6M. Total liabilities reduced from \$36.2M to \$35.6M.

Councillor for Finance, Governance, and The Arts Jo McNally said that it was pleasing to see the forecasted operating surplus

grow from \$96K to \$167K. "In addition to improvements on its operating surplus, Council has also been in a position to fund a number of new capital projects, which includes various projects such as:

- Entry Signage for the Region
- Upgrades to Leslie Park War Memorial Area
- Extension to Leslie Dam and Storm King Dam Boat Ramps
- Upgrades to a number of pump stations
- Sealing of Oak Avenue, Warwick
- Sealing of various roads in Wallangarra

"Additionally, a significant and necessary inclusion to the program is the \$2.4M Emergency Water Supply Infrastructure project which is currently being constructed in Stanthorpe. This project will provide drought assistance and has been fully funded by the State Government.

So you want to be a councillor or mayor?

By becoming a councillor, or even just running for election, you can make a positive difference to your local community. Queensland's councils also need councillors and mayors that reflect the diversity of our communities.

One of the recent major local government reforms is the requirement for all candidates in the upcoming 2020 local government elections (including existing councillors and mayors) to undertake mandatory

training before the ECQ can accept a candidate's nomination for the 2020 local government election.

More information about the reforms can be found on the Department of Local Government, Racing and Multicultural Affairs Website (www.dlgrma.qld.gov.au) then access the **So you want to be a councillor?** link to find out more about the role of a councillor, what councils do, and what you need to know if you want to stand for election in 2020.

Scope's Annual Conference In Allora

Climate Guides To Help Farmers

The Bureau of Meteorology's Regional Weather and Climate Guides have been released with a specific guide to the Condamine catchment, embracing the local area.

Member for Maranoa and Minister for Drought David Littleproud said the guides would give farmers a clearer picture of what to expect in upcoming seasons. "The guides will make sure cockies know their climate risks and opportunities and includes rainfall and temperature

trends, frost risk, when to expect the wet season and the nature of local droughts, floods and heatwaves" Mr Littleproud said. "This will help with decisions such as when to plant crops, put fodder aside, lease land, build water storage or take out loans. We've worked with local farming groups so the data meets the needs of each region".

Guides can be found at www.bom.gov.au/climate/climate-guides/

School Camp

Recently Year 5 and 6 students attended school camp at Tallebudgera Creek Recreation Centre on the Gold Coast. The goal of this camp, is to have students step outside of their comfort zones, push themselves and grow in their confidence to be able to tackle life's challenges.

Many of the activities on offer at camp are not for the faint hearted. High ropes courses of more than 10 metres above the ground, the 'Giant Swing' that has each person being raised 20 metres above the ground before being released, and jumping from a 10 metre platform; are challenging for adults, let alone students. Such activities are not like

theme park rides where the rider is strapped in before being whizzed away. These challenges required the teamwork of the group of students and the resilience of each student to push themselves higher and higher. All of this and the challenge of being away from home.

Like life's challenges, these tasks were not easy. There were tears, upset stomachs, shaky legs, straining muscles and white faces. However the jubilation experienced by all of our learners in achieving their own best efforts are experiences that will live with them for some time and will have built their confidence and, in turn, their resilience vastly.

BAD JOKE OF THE WEEK

Two old bushies were sitting on the verandah of the pub, chatting over a couple of beers. They were discussing the new metric system which meant they had to talk metres instead of yards, kilos instead of pounds and hectares instead of acres.

They shook their heads "What next? Suppose we'll have to drive on the right-hand side of the road".

"Well, that'd be alright provided they brought it in gradual".

Little zombies, ghosts and witches will take to the streets tomorrow for Halloween trick or treating.

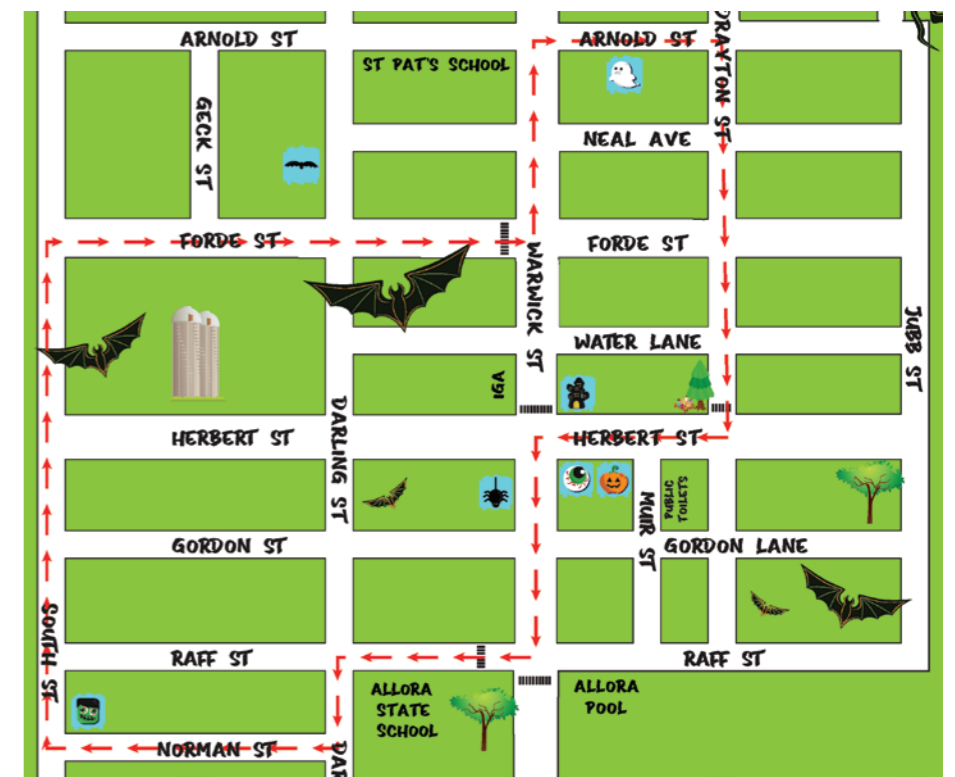

While we all love a good scare, the Queensland Police Service wants to remind community members to creep it real and ensure the safety of children is top priority.

To make sure your Halloween doesn't become a nightmare, trick or treaters should:

- Be accompanied by a trusted, responsible adult monster at all times;
- Always walk, not run, between houses and stick to the footpath rather than the road;
- Wear bright colours to enhance your visibility to passing motorists - Ghosts are only cool if you can see them!
- Never enter a stranger's house, even if they have invited you in after knocking on their door;
- Consider joining your friends on a neighbourhood adventure - there is safety in numbers for little witches and vampires; and
- Trick or treating late into the night is very scary. Go home and dig into your cavity starter pack - especially on a school night.

Have a fun and safe Halloween!

Local Players Compete at Tennis Championships

Congratulations to Jaeden Ruhle, Alexandria (Alex) Gilmore and Samuel (Sam) Gilmore who competed at the State Tennis Championships for the Junior Development Series in Rockhampton, this month.

Eight regions across the state entered teams consisting of their top two players from each age group, under 11, 13, 15, 17 for girls and boys. Sam was lucky enough to be chosen for the West team as a wild card.

Jaeden finished a very impressive 3rd overall for U17 and a great effort by Alex who finished 9th for U11 and Sam who finished 14th for U13. The South Region had some great results and should be very proud of all their efforts.

This was Jaeden's fourth and final year in this

competition and went out with a bang, achieving his best result. Not only did Jaeden go up as a player, he also had his coaching hat on for Alex and Sam who have been training with him for the past year and in preparing for this tournament.

All three tennis players are members of the Clifton and Allora Tennis Clubs and Jaeden is extremely thankful for the support and guidance they have given him as a player and coach. To the up and coming young players who wish to enter the tournament circuit, the JDS program is a great start. Hope to see Alex and Sam again representing the South next year along with some new faces joining the journey.

Congratulations to you all!
