Quilt Exhibition Cancelled

The Toowoomba Quilters Club has decided to cancel its 2020 Quilt Exhibition due to the ongoing uncertainty around the Covid19 pandemic.

With many Club members in the at-risk demographic, club management felt they could not guarantee their safety, thus duty of care to them, and the public, was compromised.

The annual Quilt Exhibition was scheduled to be heldn at the Salo Centre, Rome Street, Toowoomba, from 19th to 25th September, during Carnival of Flowers week.

Over the past few

months, while observing Covid19 restrictions, quilters have been busy creating lots of new quilts at home.

The annual exhibition attracts quilters from many areas including Allora and Warwick.

"Toowoomba Quilters appreciate the keen interest taken in their craft by many local and regional quilters who attend our exhibition each year," club secretary Janice Becker said.

"We look forward to welcoming visitors back to share our craft in September 2021 with the promise of a huge display."

Police pursuit through Allora

Allora was the final destination for a 71-years-old Brisbane man who has been charged with more than 10 serious domestic violence related offences following a dramatic police pursuit through Warwick and Allora early Monday morning.

Shortly after 10pm on Sunday night, it was alleged the man attended a Chandler residence and forced entry before assaulting a 68-year-old woman known to him with a wooden club.

It is also alleged the man then threatened the woman before leaving the residence.

Police attended and observed the man leaving in a red dual cab utility but were unable to intercept at

the time.

Officers patrolling the Cunningham Highway observed the man's ute heading towards Warwick where a pursuit was authorised.

Crews from Warwick and Brisbane were involved in the pursuit.

The man was arrested by the Police Dog Squad after allegedly attempting to reverse the ute out of a dead-end street in Allora.

He has been charged with 13 offences including deprivation of liberty, common assault, enter dwelling, contravention of a domestic violence order and unlawful stalking.

The man appeared in the Warwick Magistrates Court on Monday.

St. Pats School News

This week Principal of St Patrick's School Allora Tyronne Maher welcomed back students to another term of learning.

While the whole of Queensland is heading into 'Stage 3' in easing restrictions, some things will remain.

- Social distancing - adults are to maintain a distance of 1.5m from one another. Children in schools are exempt from this however we still attempt to do so where possible;
- Staying home when we are unwell - keeping your child at home when they are presenting with cold and flu like symptoms continues to be important. Children will be sent home if we observe these symptoms;
- Hygiene - Coughing and sneezing etiquette continues to be taught and encouraged along with regular washing of hands using soap and (where

necessary) hand sanitizer (located in all rooms of our school). Cleaning of high contact areas continues to be a priority.

School Drop Off/Pick Up - In light of the social distancing still required of us all, we will continue the same drop off and pick up routine as was in practice throughout term 2. Parents may come into the school by appointment only.

Uniform Expectations - The word uniform means 'the same'. Weak expectations regarding uniform can result in poor learning attitudes and the formation of trends that exclude others (leading to 'bullying').

Please note that due to a change in teaching arrangements, sports uniforms will now be worn on Tuesdays and Fridays for years 1 to 6.

Speeding Through School Zones

The Department of Transport and Main Roads data revealed almost 40,000 drivers in Queenslanders were caught driving too fast in a school zone during the past two year period.

In the Southern Police Region including the Darling Downs, 8,570 were issued with speeding fines.

Motorists are reminded

that School Zones are back in effect and to keep to 40 km/h on weekdays between 7-9am and 2-4pm, or as signed. It's crucial motorists slow down, be alert and ready for the unpredictability of children around schools.

There's no excuse for speeding though school zones and police will be out checking speeds.

70th WEDDING ANNIVERSARY

Alan and Marylyn Ferguson were married at Sandgate on 15th July, 1950.

"We've got to know each other fairly well," Alan said.

He is now 91 and his wife 90.

Alan, whose family had a property at Bowenville and Marylyn, a city girl, met at a dance at Sandgate.

After they were married, the couple went west, where Alan worked as a jackaroo at Surat and later became a property manager at Wandoan.

Marylyn had never been out of Brisbane but, being an animal lover, she learned to ride a horse within weeks and was mustering within a few weeks of that.

In 1956 they moved to Dirranbandi where Alan worked for the Crothers family on "Boofigar", before he was sent to manage a nearby property owned by

the Crothers.

They enjoyed working for the Crothers family and recently attended an event to mark the 150th anniversary of "Boofigar" - there were 165 guests and Alan and Marylyn were the oldest there.

The place Alan was managing was on the Balonne River, which flooded in 1956 and for six months the couple were isolated by floodwaters.

At the end of the flood, a light aircraft dropped big bundles of papers and mail onto the property.

That's when he would learn to fly. The couple went to Brisbane where Alan gained his pilot's licence before returning to the bush, working on stations and eventually managing a station at Wandoan.

He picked up a job with McTaggart's in Brisbane and the firm sent him to Clermont

to open a branch, where Marylyn managed the office and Alan managed the branch.

In 1967, he became the company's full-time pilot and was based at Rockhampton from 1967 to 1994 when he retired, having also served as manager of McTaggart's stud stock section.

After retiring Alan and Marylyn moved to Allora where they still live on the land.

During their lifetime they were also into racing and had a team of horses at Rockhampton for 25 years as well as a team at Toowoomba for 15 years.

"Over those years we never put a bridle on a horse that didn't win its races," Alan said.

One of their horses won the prestigious 2-Year-Old Classic at Rockhampton around 1994.

Alan and Marylyn are planning a quiet celebration for their 70th anniversary - probably with a few of their neighbours.

New trade era with Indonesia

A new trade arrangement with one of the world's fastest growing economies is now in place as part of the Indonesia-Australia Comprehensive Economic Partnership Agreement (IA-CEPA).

Agriculture Minister David Littleproud said almost 100 per cent of Australian goods exported to Indonesia will now enter duty free or under significantly improved and preferential arrangements.

"By 2050 Indonesia is projected to be the world's fourth largest economy, with per person consumption predicted to be greater than China for key commodities such as cereals and beef," Minister Littleproud said.

"With many restrictive tariff requirements for our exporters being eliminated under this agreement, Indonesia represents a game-changing opportunity for our farmers.

"Securing this breakthrough with our sixth largest agricultural export market will help turbo charge trade opportunities in both countries and propel our post pandemic recovery.

"More dollars will flow into the hip pockets of our beef, cattle, grains and horticultural producers,

and into their rural and regional economies on the back of this agreement.

"The benefits will be across the board and are a reminder of how our farmers and the agriculture sector will continue to be the bedrock of our recovery from the COVID-19 crisis."

A quota of 575,000 live Australian male cattle per year will enter Indonesia duty free. The quota will increase to 700,000 per year by 2026. Previously, live male cattle had a five per cent tariff.

There will be a 2.5pc tariff cut for frozen beef, which previously had a five per cent tariff. After five years the 2.5pc tariff will be eliminated.

Australian exporters of feed grains such as wheat, barley and sorghum will enjoy duty free access for up to 500,000 tonnes per year into Indonesia. The quota will increase by five per cent per year.

Horticulture exporters will also benefit, with reduced tariffs and improved access across a range of commodities including citrus, carrots and potatoes.

"Our dairy farmers will benefit from the elimination of a five per

cent tariff on concentrated and sweetened milk and cream," Minister Littleproud said.

"The nation's farmers have been calmly going about feeding Australia during COVID-19 and

exporting to the world.

"The Australian Government stands by our farmers and continues to work to find new and expand existing markets to give them a competitive edge."

Soccer Tragic**

David Thevenot, an international rural exchange student from France, has been kept busy following his passion for the game of soccer during his four months stay on the Southern Downs. He has played for Warwick on some Saturdays in the Stanthorpe competition and has backed up for Allora in the Toowoomba Soccer Federation third-division fixtures on Sundays. David has scored seven goals for Allora but will miss the first appearance of an Allora side in a President's Cup final when Allora play St Alban's at Allora on Sunday.

Farewell**

Mrs Daisy Cunnington, who has conducted a business in Allora for about 29 years, has disposed of her interests and will shortly be leaving the town. To say farewell to Mrs Cunnington and her daughters Misses Joyce, Grace and May Cunnington, members of the Allora Methodist Church arranged an evening in the Church Hall. Gifts were presented to Mrs Cunnington and her daughters by the Rev Hiscock on behalf of their friends.

The members of the Returned Soldiers Association tendered a social and concert to the members of the Allora and district Red Cross Societies in the Central Hall. Over 100 members of the Red Cross were present in uniform. The president of the Association Mr W. J. T. Neal spoke of the excellent work that had been done by the Red Cross Societies, especially in their district. Mr James Dean, Shire Chairman, replied on behalf of the different Red Cross Societies present.

Refused Passage

A decently dressed and apparently well conducted lady was standing on a

railway platform waiting for the train, after having paid her fare to Allora. When the train came in and she was about to take her seat, a porter seized her rudely by the arm and told her that she was not allowed to do so. After demanding an explanation she was told that the station master had received instructions from the Minister for Works that no females of a certain class were to be allowed to travel on the Queensland railroads. On advice the lady employed local vehicles to convey her to Allora.

Ellen McKay has engaged prominent barrister Ratcliffe Pring Q.C. to sue the Queensland Commissioner of Railways for damages of £200 after having been refused passage to Allora by train four times.

TODAY'S QUOTE

"Quiet people have the loudest minds." - Stephen Hawking

BAD JOKE OF THE WEEK

Tom was having a beer in his local when a bloke walked in.

"Burt Smith" Tom exclaimed "haven't seen you for years! And just look at you! You used to be a real big bloke, now you're thin as a rake. You used to have thick wavy hair, now you're nearly bald. And you've shaved your beard off too!"

The bloke stared at him "I'm not Burt Smith!"

"Jeez!" said Tom "changed you name too, eh?"

Allora Golf Club Notes

How did we get away with calling John Ellwood "ineffable" last week? (I thought you would have been right across that Miss Harper).

Anyway, the **Percy's Fruit Duck Run** was won by Jimmy Anderson with a great score of 24 points. Many people would not be aware that the Andersons are a pioneering Allora family and Jimmy's ancestors actually accompanied famed explorer Allan Cunningham out on his exploration to discover the Darling Downs in 1827. Apparently they

were all keen golfers and at the end of the expedition Cunningham gave Jimmy's ancestors a dozen golf balls. Jimmy is still using those golf balls today. Runner up was Benny Duff, part of the well known Duff sporting dynasty, who scored 22 points which is not bad considering Ben is not playing golf all that often. Benny also won the pin shot, Crawford won a ball in the rundown and Moose won the approach and the long putt.

Due to the wonderful rain on Saturday evening, Sunday's Club Secretary Ambrose was postponed to a date to be fixed.

Next Friday will be the **Percy's Fruit Duck Run** and Sunday will be the Monthly Medal. See you on the links.
